

DREADFUL ACCIDENT AT CONANTON.—A dreadful accident occurred on the 4th. A sloop was conveying 40 soldiers of the guard to a steam frigate about to leave for Delmaria, and it was driven by the violence of the current against a large vessel anchored near the wharf. The shock was so violent that all the men were thrown into the water; and they, being encumbered with their arms and baggage, were all drowned, with the exception of four or five, who were picked up by the boats of the English, Russian, and French men-of-war.

We understand that one of our Ferry Companies has contracted for one of Ericsson's Galore Engines, to run a new ferry boat to be built the coming summer.—*Cin. Gazette.*

H. G. FARRELL'S GENUINE ARABIAN LINIMENT is a most extraordinary medicine, the truth of which is placed beyond doubt by the vast sales of the article, and many cures being daily performed by it, which previously had resisted all other medicines and the skill of the best physicians in the world. It is composed of balsams, extracts and gums peculiar to Arabia—possessing, in a concentrated form, all their stimulating, anodyne, penetrating, unctuous and restorative properties, and the same which, ages ago, were used by the "Sons of the Desert," with such marvellous success, in curing the diseases of both man and beast.

Read the following remarkable cure, which should at once place H. G. Farrell's Arabian Liniment far beyond any similar remedy.

Mr. H. G. Farrell—Dear Sir: Actuated by a sense of gratefulness, I submit the following as an instance of the utility of your great medicine. My child, three years old, was suddenly attacked with a terrible disease, which in less than six hours prostrated it to total helplessness. The limbs became so rigid that not a joint could be bent; the flesh turned black and cold and entirely deprived of feeling; the eyes fixed, partially closed and altogether blind, following this was deafness to all sounds; the spine became contracted and so curved that when lying on its back the head and heels only touched. Indeed, the child presented every appearance of being dead. Immediately on the attack the family physician was called in, and for three weeks he labored to restore it to feeling, but all in vain, although it was blistered a dozen times and various rubefacient liniments applied. A consultation of physicians was then held, but to no purpose, the case was then brought before the Medical Society, but nothing could be suggested which had not already been done, and the doctor then told me he could do nothing more. We then commenced applying your Liniment freely over the entire length of the spine, and you may imagine a parent's joy, when, after a few applications, returning animation was apparent, and it rapidly recovered with the exception of the right, which did not become perfect for near a month. The child is now healthy and robust as can be. Five other cases of the same kind occurred previously in my neighborhood, all of which died, when there is no doubt if your Liniment had been used they would have recovered. HENRY C. CLELAND.

Look out for Counterfeits!

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. Farrell's, thus—H. G. FARRELL'S—on the wrapper, and on the wrapper, all others are counterfeits.

Sold by L. P. MAGNET, Agent, Gallipolis, Ohio, and by regularly authorized agents throughout the United States.

Price 25 cents per bottle, and \$1 per bottle.

AGENTS WANTED in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farrell as above, accompanied with good reference as to character, responsibility, &c.

It should be universally known—for it is strictly true—that indigestion is the parent of a large proportion of the fatal diseases. Dysentery, diarrhoea, cholera morbus, liver complaint, and many other diseases enumerated in the city inspection, and the catalogue of deaths, are generally produced by indigestion alone. Think of that dyspeptic! think of all who suffer from disordered stomachs, and if you are willing to be guided by advice, founded upon experience, resort at once (don't delay a day) to Hood's German Bitters, prepared by Dr. C. M. Jackson, which, as an alterative, purgative, and invigorant, stands alone and unsurpassed. General depot, 130 Arch street. We have tried these Bitters, and know that they are excellent for the diseases specified above.—*Philadelphia City Item.*

Another Scientific Wonder—Important to Dyspeptics!

Dr. J. S. Houghton's PEPSIN, the True Digestive Fluid, or Gastric Juice, prepared from Rennet, or the fourth stomach of the Ox, after directions of Baron Liebig, the great Physiological chemist, by J. S. Houghton, M. D., Philadelphia. This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver complaint, constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice. Pamphlets, containing scientific evidence of its value, furnished by agents gratis. See notice among the medical advertisements.

THE BEST POSSIBLE REMEDY FOR CONSUMPTION.—Wistar's Balsam of Wild Cherry is just the remedy that a pure minded, unprejudiced man, thoroughly acquainted with every system of practice, and well acquainted with the whole Materia Medica, and experienced in general practice, would recommend as the BEST POSSIBLE REMEDY, for the cure of coughs, colds, asthma, bronchitis and consumption.

This remedy contains the extraordinary medicinal virtues of the Wild Cherry and the Fir which are combined and embodied in their utmost power in this article.

By a nice chemical process, everything deleterious or useless is rejected, so that what remains is the most extraordinary and truly efficacious remedy for all kinds of pulmonary and liver diseases ever known to man.

MARRIED.—On the 22nd of February, 1853, by Rev. E. H. Scarff, Mr. THOMAS ROTHGIE, of Gallipolis, to Miss EVELYN RANDALL, of Gallipolis Township.

DIED.—At Mt. Vernon, Jefferson co., Illinois, on the 13th ult., after a protracted and painful illness, ANELIA M., consort of DANIEL CAVIN, aged 34 years.

There has been a lynching affair in Allegheny City. A free negro was charged with betraying the place of refuge of a runaway slave. He was way-laid by two men, who threw a bag over his head, leading him out to the woods about a mile, and a half from town, where they beat him in a most cruel manner. The whole of his back was cut into strips of flesh, overhanging one another, presenting a horrible appearance. The whipping was inflicted with a rattan, which was broken almost to splinters.

Ex-Governor LUCAS died at his residence in Iowa City, on the 7th of this month. He was well known in Ohio, and the West generally. He served as Governor of Ohio, and Iowa. He was a soldier in the war of 1812.

COME ON, MACDUFF.

Property For Sale.

DON'T put your pretty mouth out of shape by spilling Mr. Parker's man. Let him who wants to buy property as low as similar property can be had in a little rocky about 60 miles up the river, show himself quick. He can buy property of me, naked and improved, at prices ranging from two dollars to \$165 per foot, depending on location and improvement. Our lots are near 87 feet wide, and 174 long. I will sell at any time within six months four such lots, within 300 yards of the high priced property you refer to, and in sight, bounded by the same street, fronting on it over 175 feet, running back and fronting on a half street (being corner property) 358 feet. On it is a dwelling house, with kitchen, smoke, bath, wash and summer house, barn, &c., large cistern, and a splendid well of the best of water—improvements cost over 3500 dollars; the grounds are covered with a great variety of fine, vine and shrub fruits and ornamental shrubbery. This property I will sell for 3500 dollars, or about 30 dollars per foot, measuring the short front; it is cheap, come and buy.

I also wish to sell the Star House, on the Public Square, quite equal in point of location for business purposes, as the high priced property you refer to. The lot is 43 feet front, 174 deep, house brick, set on a heavy stone cellar wall, two feet thick, cellar under whole house, finished from cellar to roof. Price but a small matter over the high priced naked property referred to by you. Terms easy—from four to six equal annual payments.

I have much other property through our city, for sale cheap and payments equally easy.

March 3, 1853.—W. HIRAM FISHER.

LAND WARRANTS.

LAND WARRANTS to the amount of \$10,000, are wanted by the subscriber to all lands in the State of Ohio, for a short time only the following high prices:

For 160 acre Warrants. \$150
